

# Analizni izvid / Certificate of analysis

## Magnesii chloridum hexahydricum

Serijska številka / Batch n°: LX0398-110005 ✓

Deklaracija / Corresponds to: Ph.Eur.

Datum analize / Date of analysis: 06/10/2011

Datum proizvodnje / Manufacturing date: 07/2011

Uporabno do / Expiry date: 07/2014 ✓

|                                                | Specifikacija / Specification Values                                                                                                                                                                | Rezultati / Batch Values |
|------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| Lastnosti / Properties:                        | Brezbarvni, higroskopi kristali, zelo lahko topni v vodi, lahko topni v etanolu (96 odstotnem)<br>Colourless crystals, hygroscopic, very soluble in water, freely soluble in ethanol (96 per cent). | Ustreza / Conforms       |
| Istovetnost / Identification:                  | v skladu s preskusom / it complies with the test                                                                                                                                                    | Ustreza / Conforms       |
| Vsebnost / Assay:                              | 98,0 – 101,0 %                                                                                                                                                                                      | 100,4                    |
| Videz raztopine / Appearance of solution:      | v skladu s preskusom / it complies with the test                                                                                                                                                    | Ustreza / Conforms       |
| Kislost ali alkalnost / Acidity or alkalinity: | v skladu s preskusom / it complies with the test                                                                                                                                                    | Ustreza / Conforms       |
| Bromidi / Bromides:                            | ≤ 500 ppm                                                                                                                                                                                           | < 500                    |
| Sulfati / Sulphates:                           | ≤ 100 ppm                                                                                                                                                                                           | < 100                    |
| Aluminij / Aluminium:                          | ≤ 1 ppm                                                                                                                                                                                             | < 1                      |
| Arzen / Arsenic:                               | ≤ 2 ppm                                                                                                                                                                                             | < 2                      |
| Kalcij / Calcium:                              | ≤ 0,1 %                                                                                                                                                                                             | < 0,1                    |
| Železo / Iron:                                 | ≤ 10 ppm                                                                                                                                                                                            | < 10                     |
| Kalij / Potassium:                             | ≤ 5,0 · 10 <sup>2</sup> ppm                                                                                                                                                                         | < 500                    |
| Težke kovine / Heavy metals:                   | ≤ 10 ppm                                                                                                                                                                                            | < 10                     |
| Voda / Water:                                  | 51,0 – 55,0 %                                                                                                                                                                                       | 53,9                     |

Opombe / Notes:

Mnenje / Opinion:

Po preskušanih parametrih vzorec ustreza Ph.Eur.7.  
According to the tested parameters the sample corresponds to Ph.Eur.7.
